

# MODELING EL PORTAL

The information on this CD is intended to help build models of the buildings for El Portal. Drawings for the railroad station, train shed, turntable, Standard Oil office, Government Warehouse, railroad cottages, and El Portal Inn are included on the Drawings CD but are also included on this CD. New drawings for two buildings at the Standard Oil facility are not on the drawings CD but are only on this CD.

The following summarizes the number of pages, number of unpublished photos, and other information about each of the different packets:
